initialize

Class TableInitializerBase

Defined in [tensorflow/python/ops/lookup_ops.py](#).

Base class for lookup table initializers.

Properties

key_dtype

The expected table key dtype.

value_dtype

The expected table value dtype.

Methods

__init__

```
__init__(  
    key_dtype,  
    value_dtype  
)
```

Construct a table initializer object.

Args:

- `key_dtype`: Type of the table keys.
- `value_dtype`: Type of the table values.

initialize

```
initialize(table)
```

Returns the table initialization op.
