tf.contrib.learn.ModeKeys

Class **ModeKeys**

Defined in `tensorflow/contrib/learn/python/learn/estimators/model_fn.py` .

See the guide: Learn (contrib) > Estimators

Standard names for model modes.

The following standard keys are defined:

- `TRAIN` : training mode.
- `EVAL` : evaluation mode.
- `INFER` : inference mode.

Methods

validate

```
@classmethod
validate(
    cls,
    key
)
```

Class Members

EVAL

INFER

TRAIN
