tf.keras.datasets.mnist.load_data

```
load_data(path='mnist.npz')
```

Defined in **tensorflow/python/keras/_impl/keras/datasets/mnist.py** .

Loads the MNIST dataset.

Arguments:

- `path` : path where to cache the dataset locally (relative to ~/.keras/datasets).

Returns:

Tuple of Numpy arrays: **(x_train, y_train), (x_test, y_test)** .
