TensorFlow   API r1.4

tf.contrib.graph_editor.get_consuming_ops

```
get_consuming_ops(ts)
```

Defined in **tensorflow/contrib/graph_editor/util.py** .

See the guide: Graph Editor (contrib) > Module: util

Return all the consuming ops of the tensors in ts.

Args:

- `ts` : a list of `tf.Tensor`

Returns:

A list of all the consuming `tf.Operation` of the tensors in `ts` .

Raises:

- `TypeError` : if ts cannot be converted to a list of `tf.Tensor` .
